☐ Concept

~Experience the world of Azur Lane through ASMR~

Right now, the topic everyone is whispering about at the Port is...

"Who can pamper the Commander the best?"

When they see you wearing yourself out for their sake every day

They can't help but want to pamper you all they can...

There may be countless ways of pampering you, but their feelings are one and the same.

—Giving you a pleasant day off with only top-quality pampering.—

A distance so short, you can even hear their breaths...

A realistic experience as if you were there in person...

Created with the finest acoustics.

A space for you and the characters to be together.

A side of Azur Lane you can only experience here.

☐ Summary

"I'm telling you, I'll be looking after the dummy who can't even take care of their own health."

All of a sudden, you embarked on a trip to an onsen with Admiral Hipper.

It seemed as if it was related to the "Commander Pampering Team," but she refused to admit it.

Though you set off on your trip with the usual standoffish Hipper you knew—

From the outside, it looked like a couple's bickering.

Having your back washed by Hipper...

Soaking in a bath with Hipper...

Drinking sake with Hipper...

Enjoying a festival with Hipper...

At the end of the trip, Hipper's expression seemed a bit more honest than usual...
