

1) Your succubus childhood friend stops by...

Gooooood morning!

Lily-chan is here to pick you up.

Hm? Ah, you're still asleep...

How long are you gonna lie there?

You promised to hang out with me today.

Well, there's still some time I guess.

Hey, are you listening to me?

No pretending to sleep, now!

Having your cute childhood friend wake you up
must make you so happy, huh?

Heheheheh.

Although, supposedly I look
pretty good to human men, too.

I may not be all that tall,
but I've got confidence in my big boobs...!
I'm always ready to squeeze that
delicious stuff out of you~! You're so lucky~!

...Hey, why are you ignoring me?

You just woke up.

Our eyes met. You still wanna go back to sleep?

Hm? What's wrong?

I see, so you're telling me
we didn't have plans together today?

Heheheh. That's okay. I promised, didn't I?

I said we'd hang out on our day off, right?

I didn't exactly wait for your answer, though.

Anyway, we're hanging out today! Got it?

Ah, hey! Why are you ignoring me again!?

Is sleeping really that much more fun than playing with me?

So you're not getting up no matter what happens~?

Mmmm...

I see!

Then no matter what I do to you,

you'll stay asleep, I guess.

Interesting. Very interesting...

Fine with me! Just lie right there.

If that's how you wanna be, then no matter what I do, you can't get up, okay?

Hee hee hee!

Hmph...Ah...

You won't wake up, even with me on top of you.

Like this...

Heheheh. You won't wake up if I mess with your ears,
and won't even react, right?

Ahaha!

With a part-succubus like me as your opponent,
are you sure you can hold out?

...Well, you can ask me to stop,

but I'm not gonna... Hehehe.
