[Azur Lane ASMR] Commander Pampering Team! A Relaxing Day with Ayanami
(c)Atelier-Mer 2022

=====

☐ Greeting

All of the staff members involved in producing "Commander Pampering Team! A Relaxing Day with Ayanami",
would like to extend our deepest gratitude for your purchasing this work.

☐ Concept

~Experience the world of Azur Lane through ASMR~

Right now, the topic everyone is whispering about at the Port is...
"Who can pamper the Commander the best?"

When they see you wearing yourself out for their sake every day
They can't help but want to pamper you all they can...

There may be countless ways of pampering you, but their feelings are one and the same.

?Giving you a pleasant day off with only top-quality pampering.?

A distance so short, you can even hear their breaths...
A realistic experience as if you were there in person...

Created with the finest acoustics.
A space for you and the characters to be together.

A side of Azur Lane you can only experience here.

☐ Summary

"I... want to try my hardest for your sake."

On your day off, you drop by Ayanami's room to pay her a visit.

You worry that she's not feeling that well, but

On the contrary, she tells you that she's here because she's worried you're too overworked.

"I'm going to pamper you, Commander."

And thus, you end up spending the day together with Ayanami.

It was a wonderful day that felt as if it was an in-house date.

But you two ended up feeling a lot closer than you had known...

Ayanami pampering you by whispering a spell into your ears.

And even the words... "I love you"...?

One day spent with Ayanami on a whim because she told you she wanted to pamper you.

□ Content Description

01_mp3 ... Compressed mp3 files of the work recorded at 48khz 320kbps.

02_wav ... Wav files of the work recorded at 24bit 48khz.

03_omake ... 5 premium bonuses: a high resolution CD jacket, smartphone wallpapers, audio videos with subtitles,

a completely new voice video with subtitles, and a promotional video.

readme.txt ... The text of the work.

※The wav file is the uncompressed sound source from the edited data. Feel free to convert it into your favorite audio format.

■ About the use of the privilege 「smartphone wallpapers」

The downloads for the smartphone wallpapers included as a part of the premium bonus are not available for download on DLsitePlay when accessed on a mobile device.

Due to this, we would like to recommend downloading the desired wallpapers onto a PC and then using AirDrop, e-mail attachments, or other methods to send the downloaded wallpapers onto your mobile device.

Then, you should be able to easily set the picture as your device's wallpaper.

We hope you found this explanation regarding the downloading and sending of bonus wallpapers to your mobile device helpful.
