□Greeting

All of the staff members involved in producing "Ulrich von Hutten's Sweet Poison",  
would like to extend our deepest gratitude for your download this work.

-----

□Character Introduction

Dependence is poison. Cast aside compassion, or it will be your end.

Such words are often heard from the mouth of Ulrich von Hutten,  
a cool-and-collected Goth girl.

In contrast to the vibes she gives off that lend others to believe she's unsociable and hard to  
get along with,  
many of her friends turn to her when they are in need, and she possesses the charisma to  
lead an army much like her colleague, Friedrich der Große.

She's worried about you. She won't let it go. So, she acts on it.  
She springs to action without mental gymnastics, without twisting herself into a knot.

Because sometimes, poison can also be a potent medicine.
