

# How to set up Live Photos on Android

## \*Disclaimer\*

Using the Live Photo wallpapers requires a separate app.

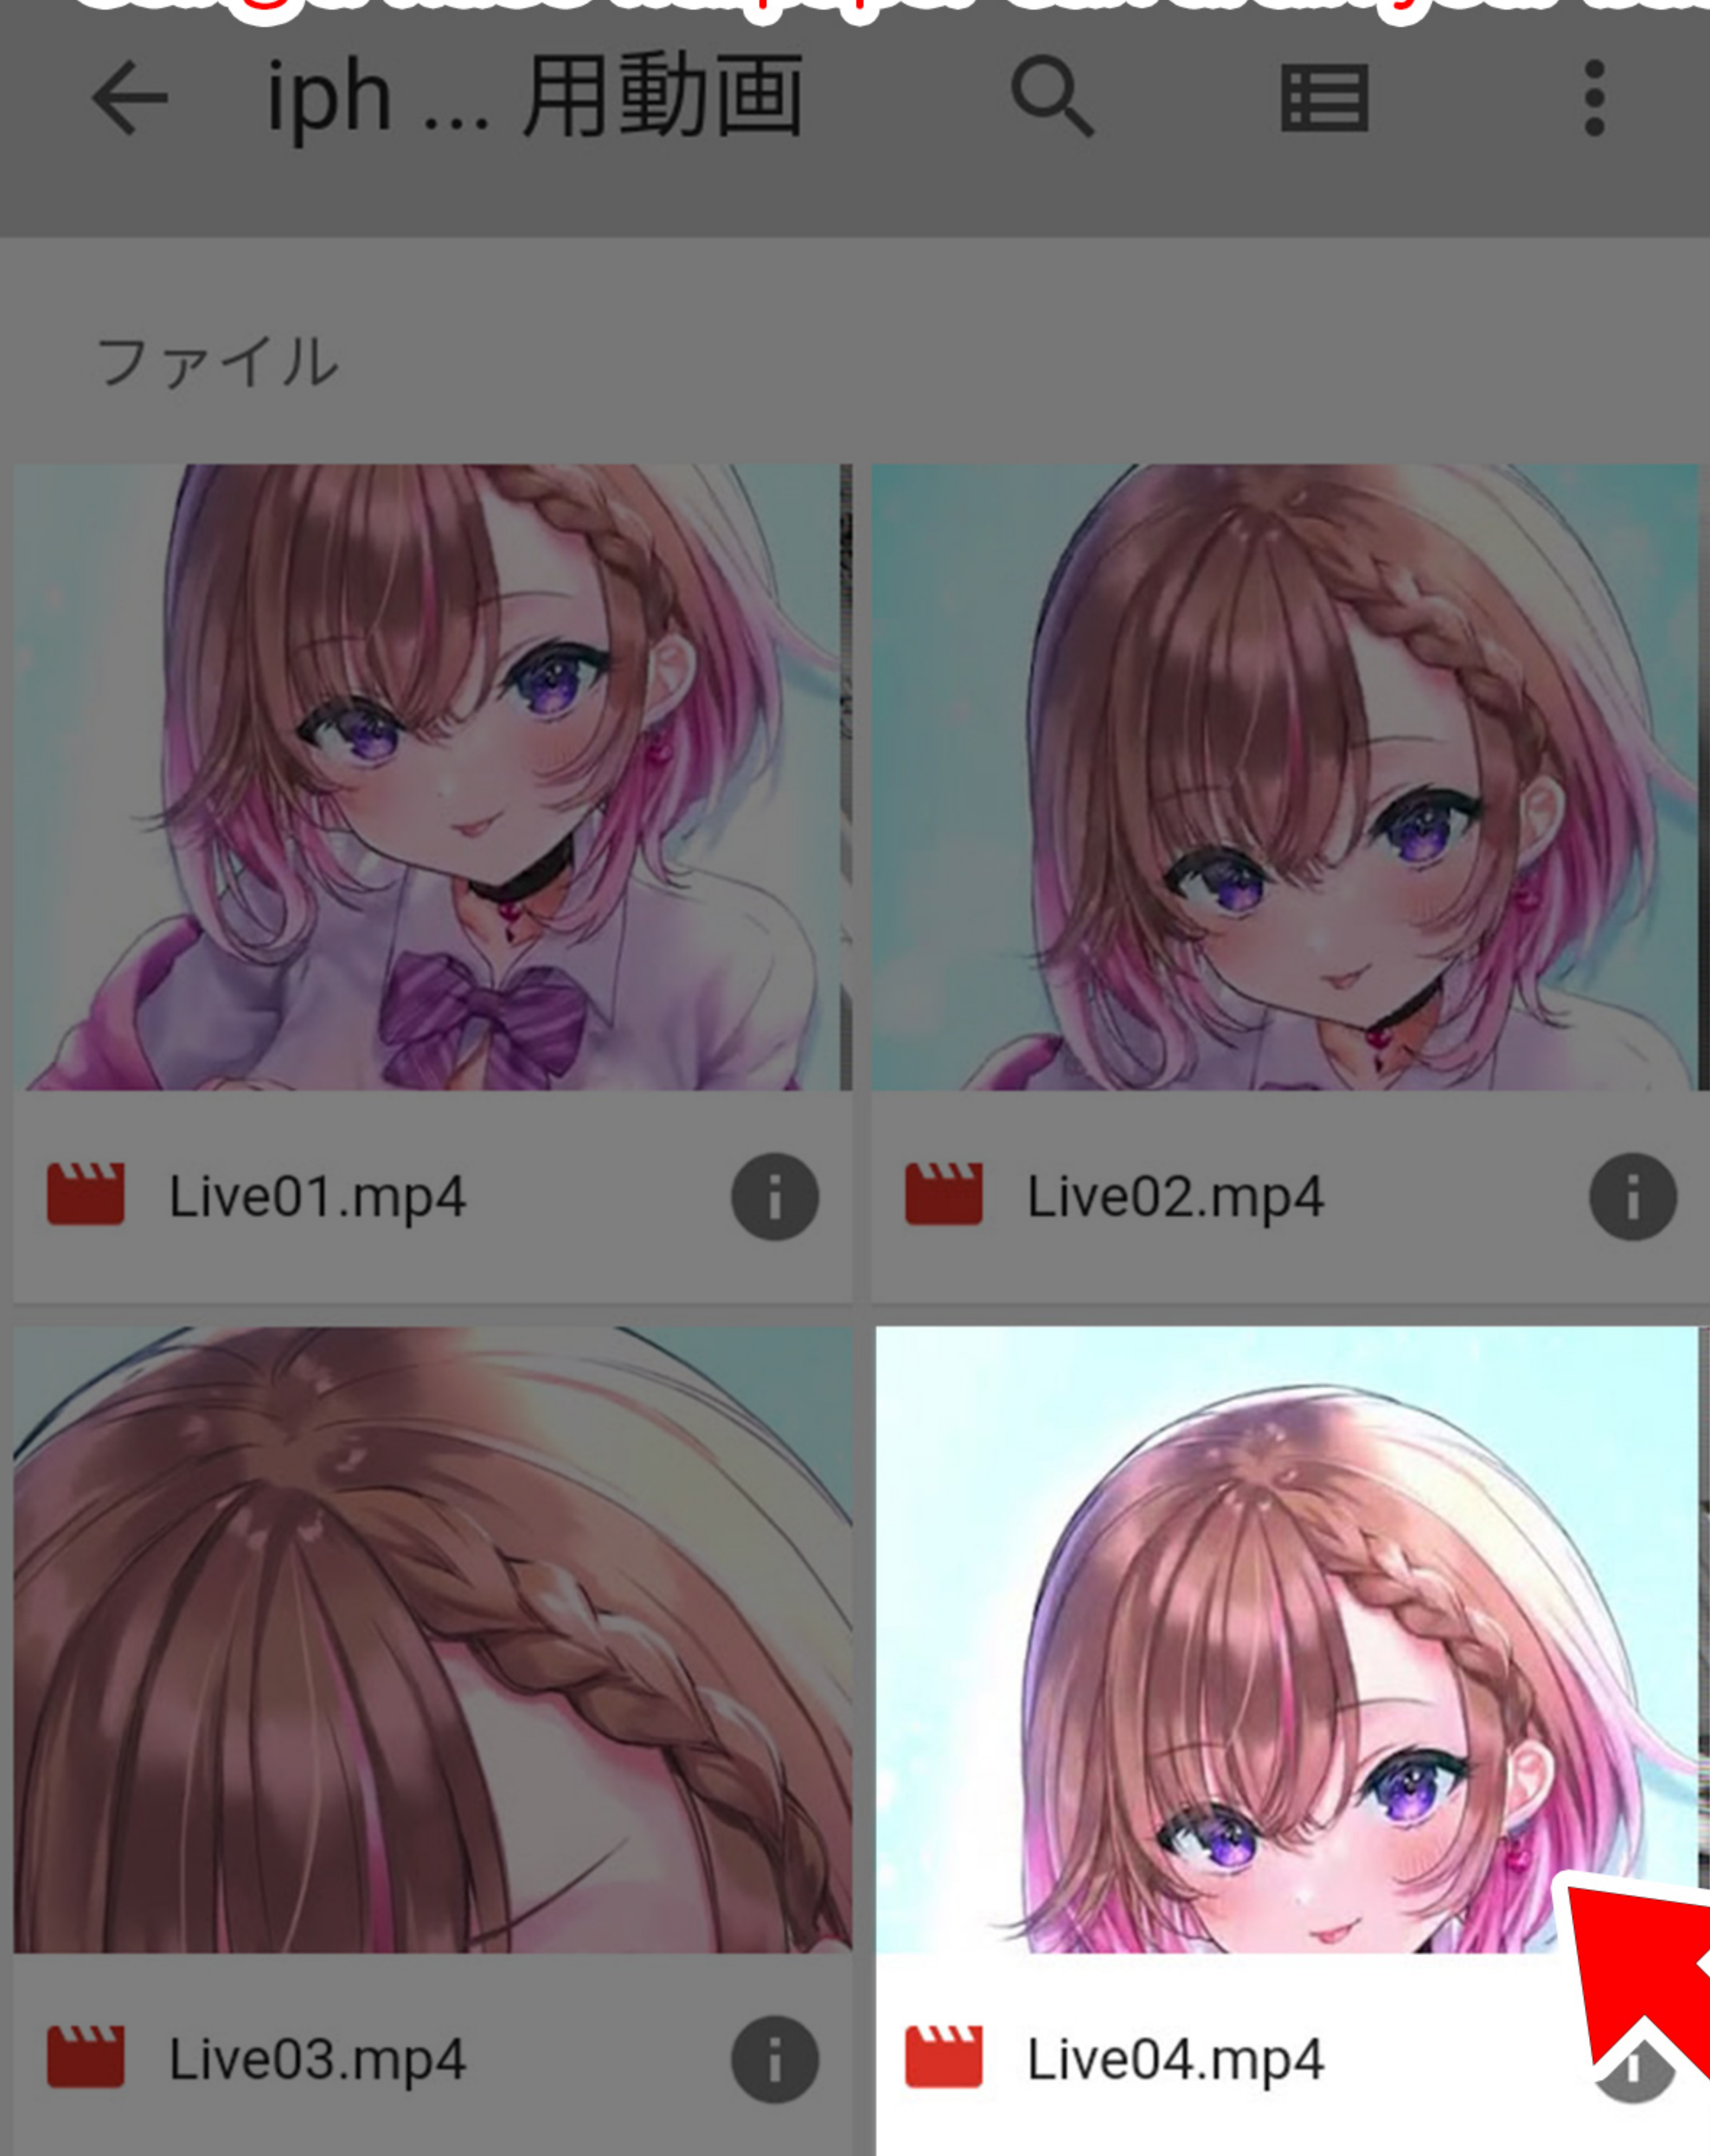

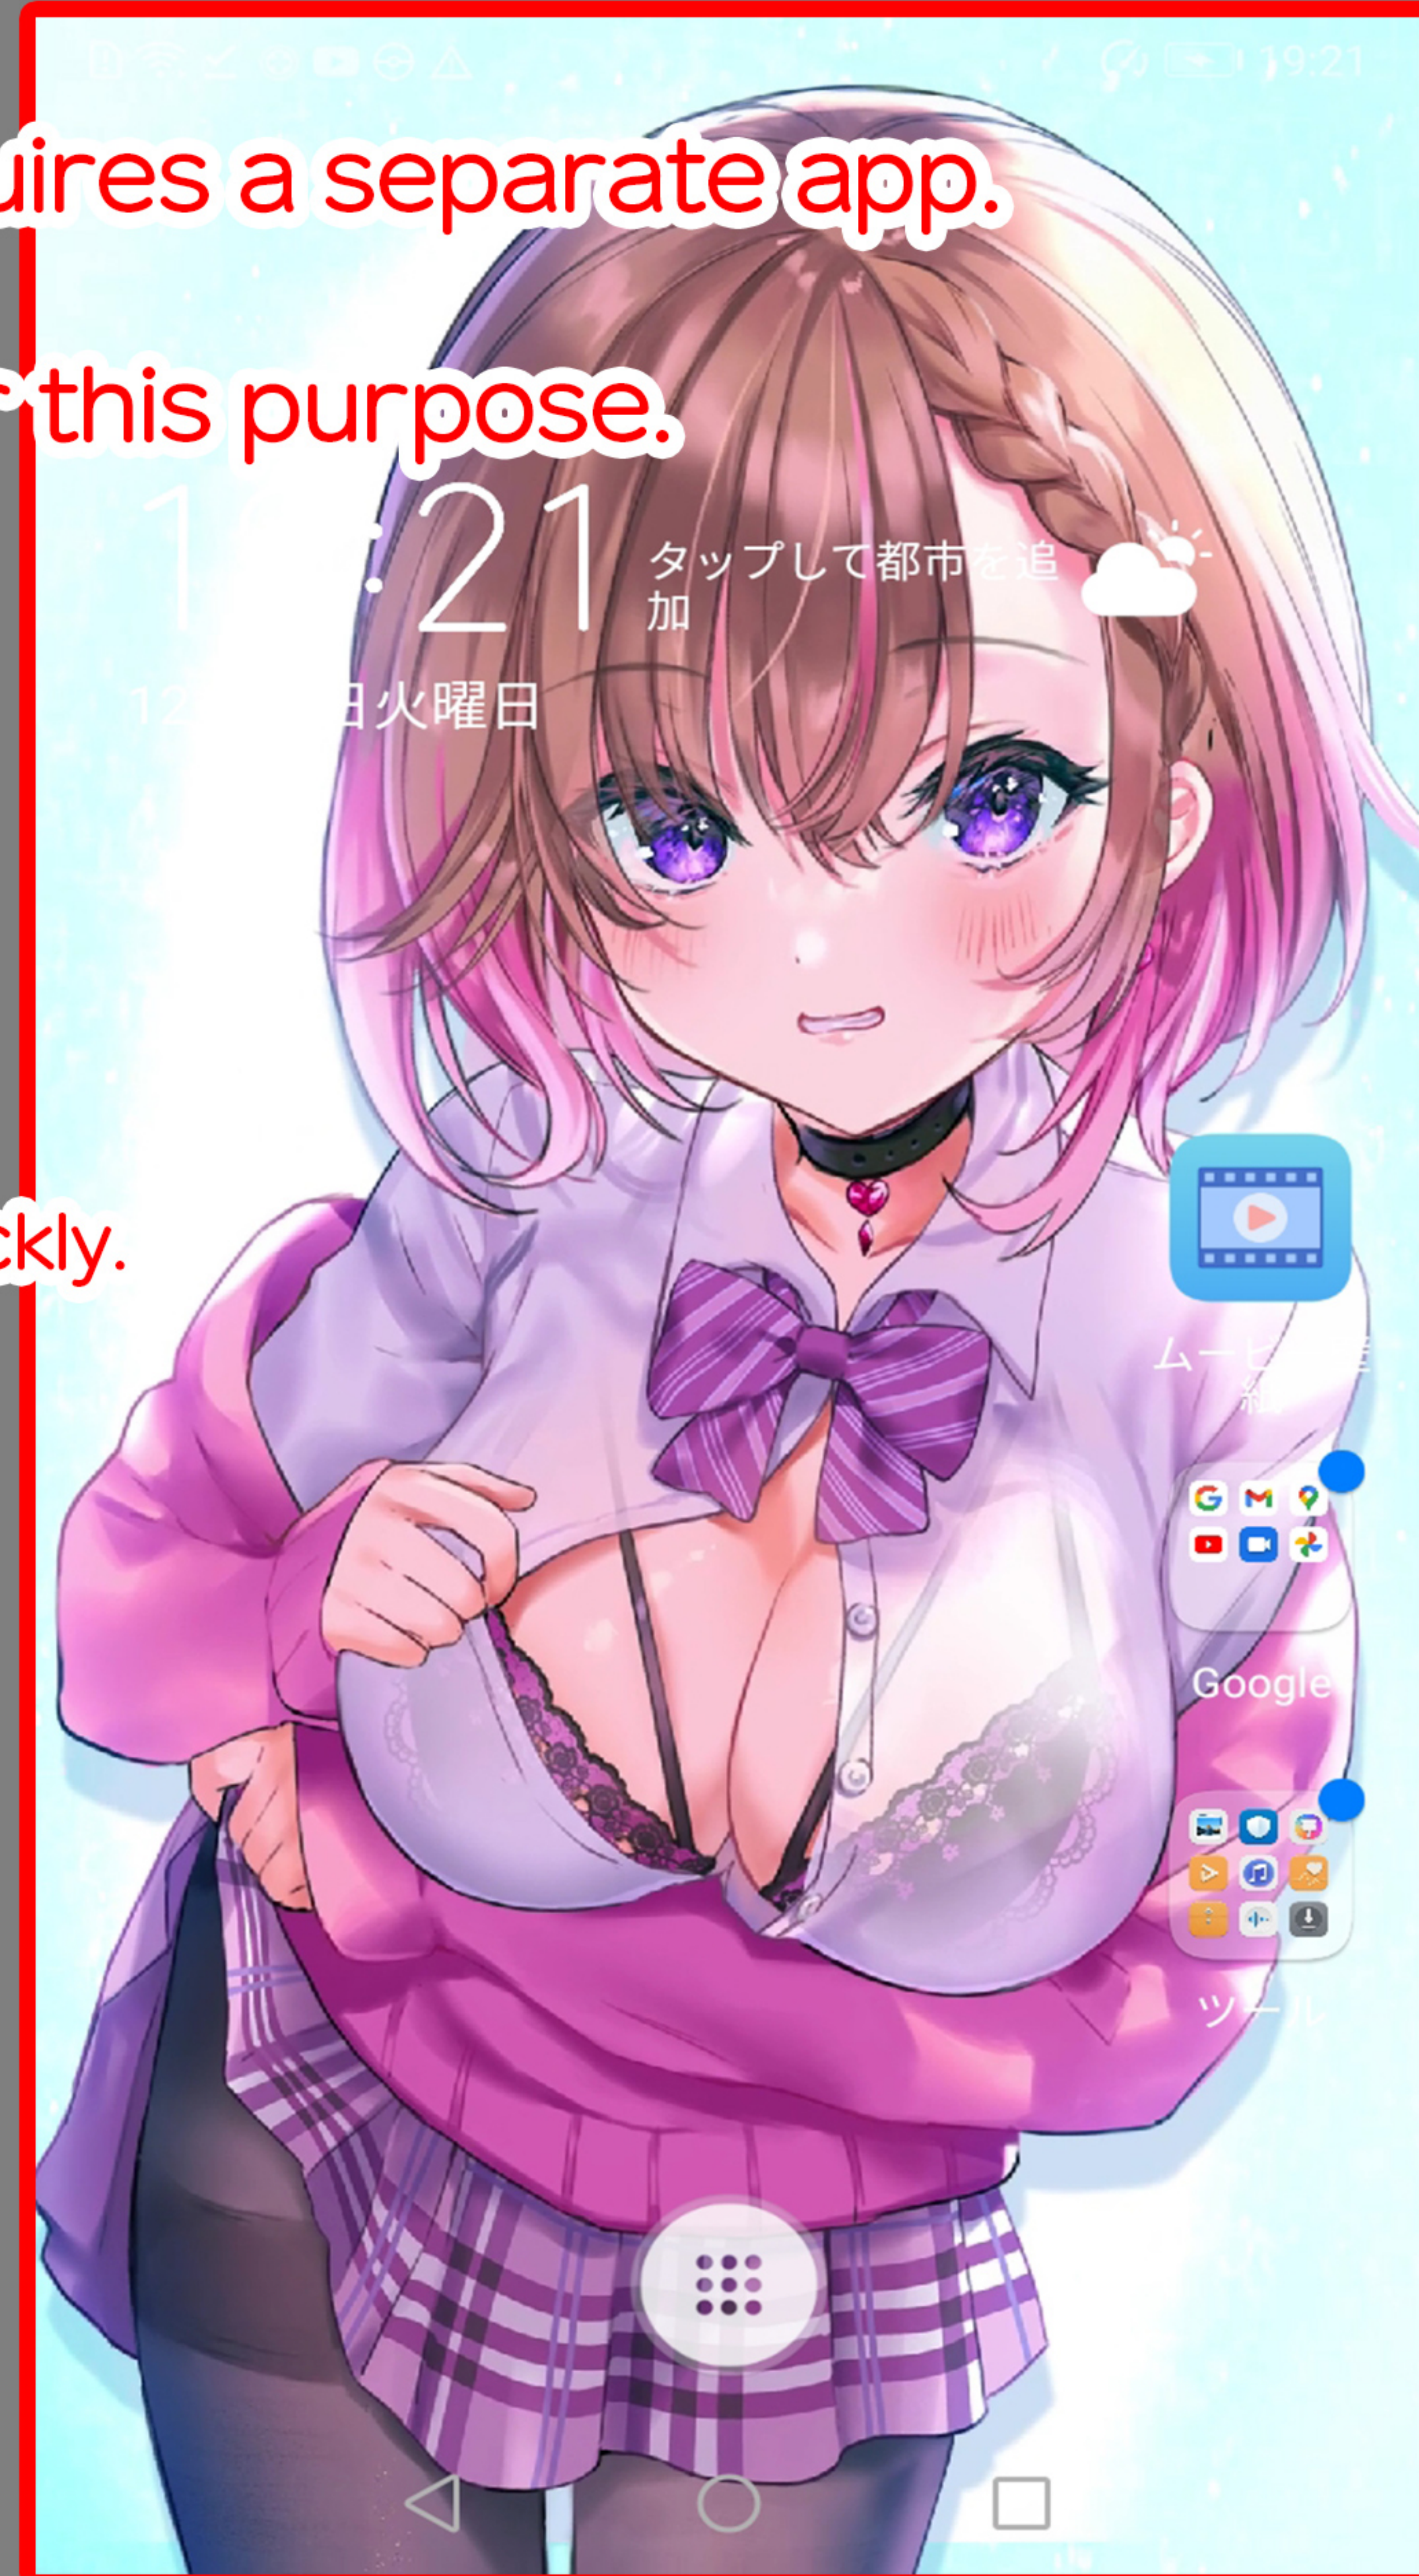

We will be using "video Wallpaper" for this purpose.

## \*Caution

- When using a different app, please check that app's instructions instead.
- The outline below does not necessarily apply to every device. Compatibility is not guaranteed.

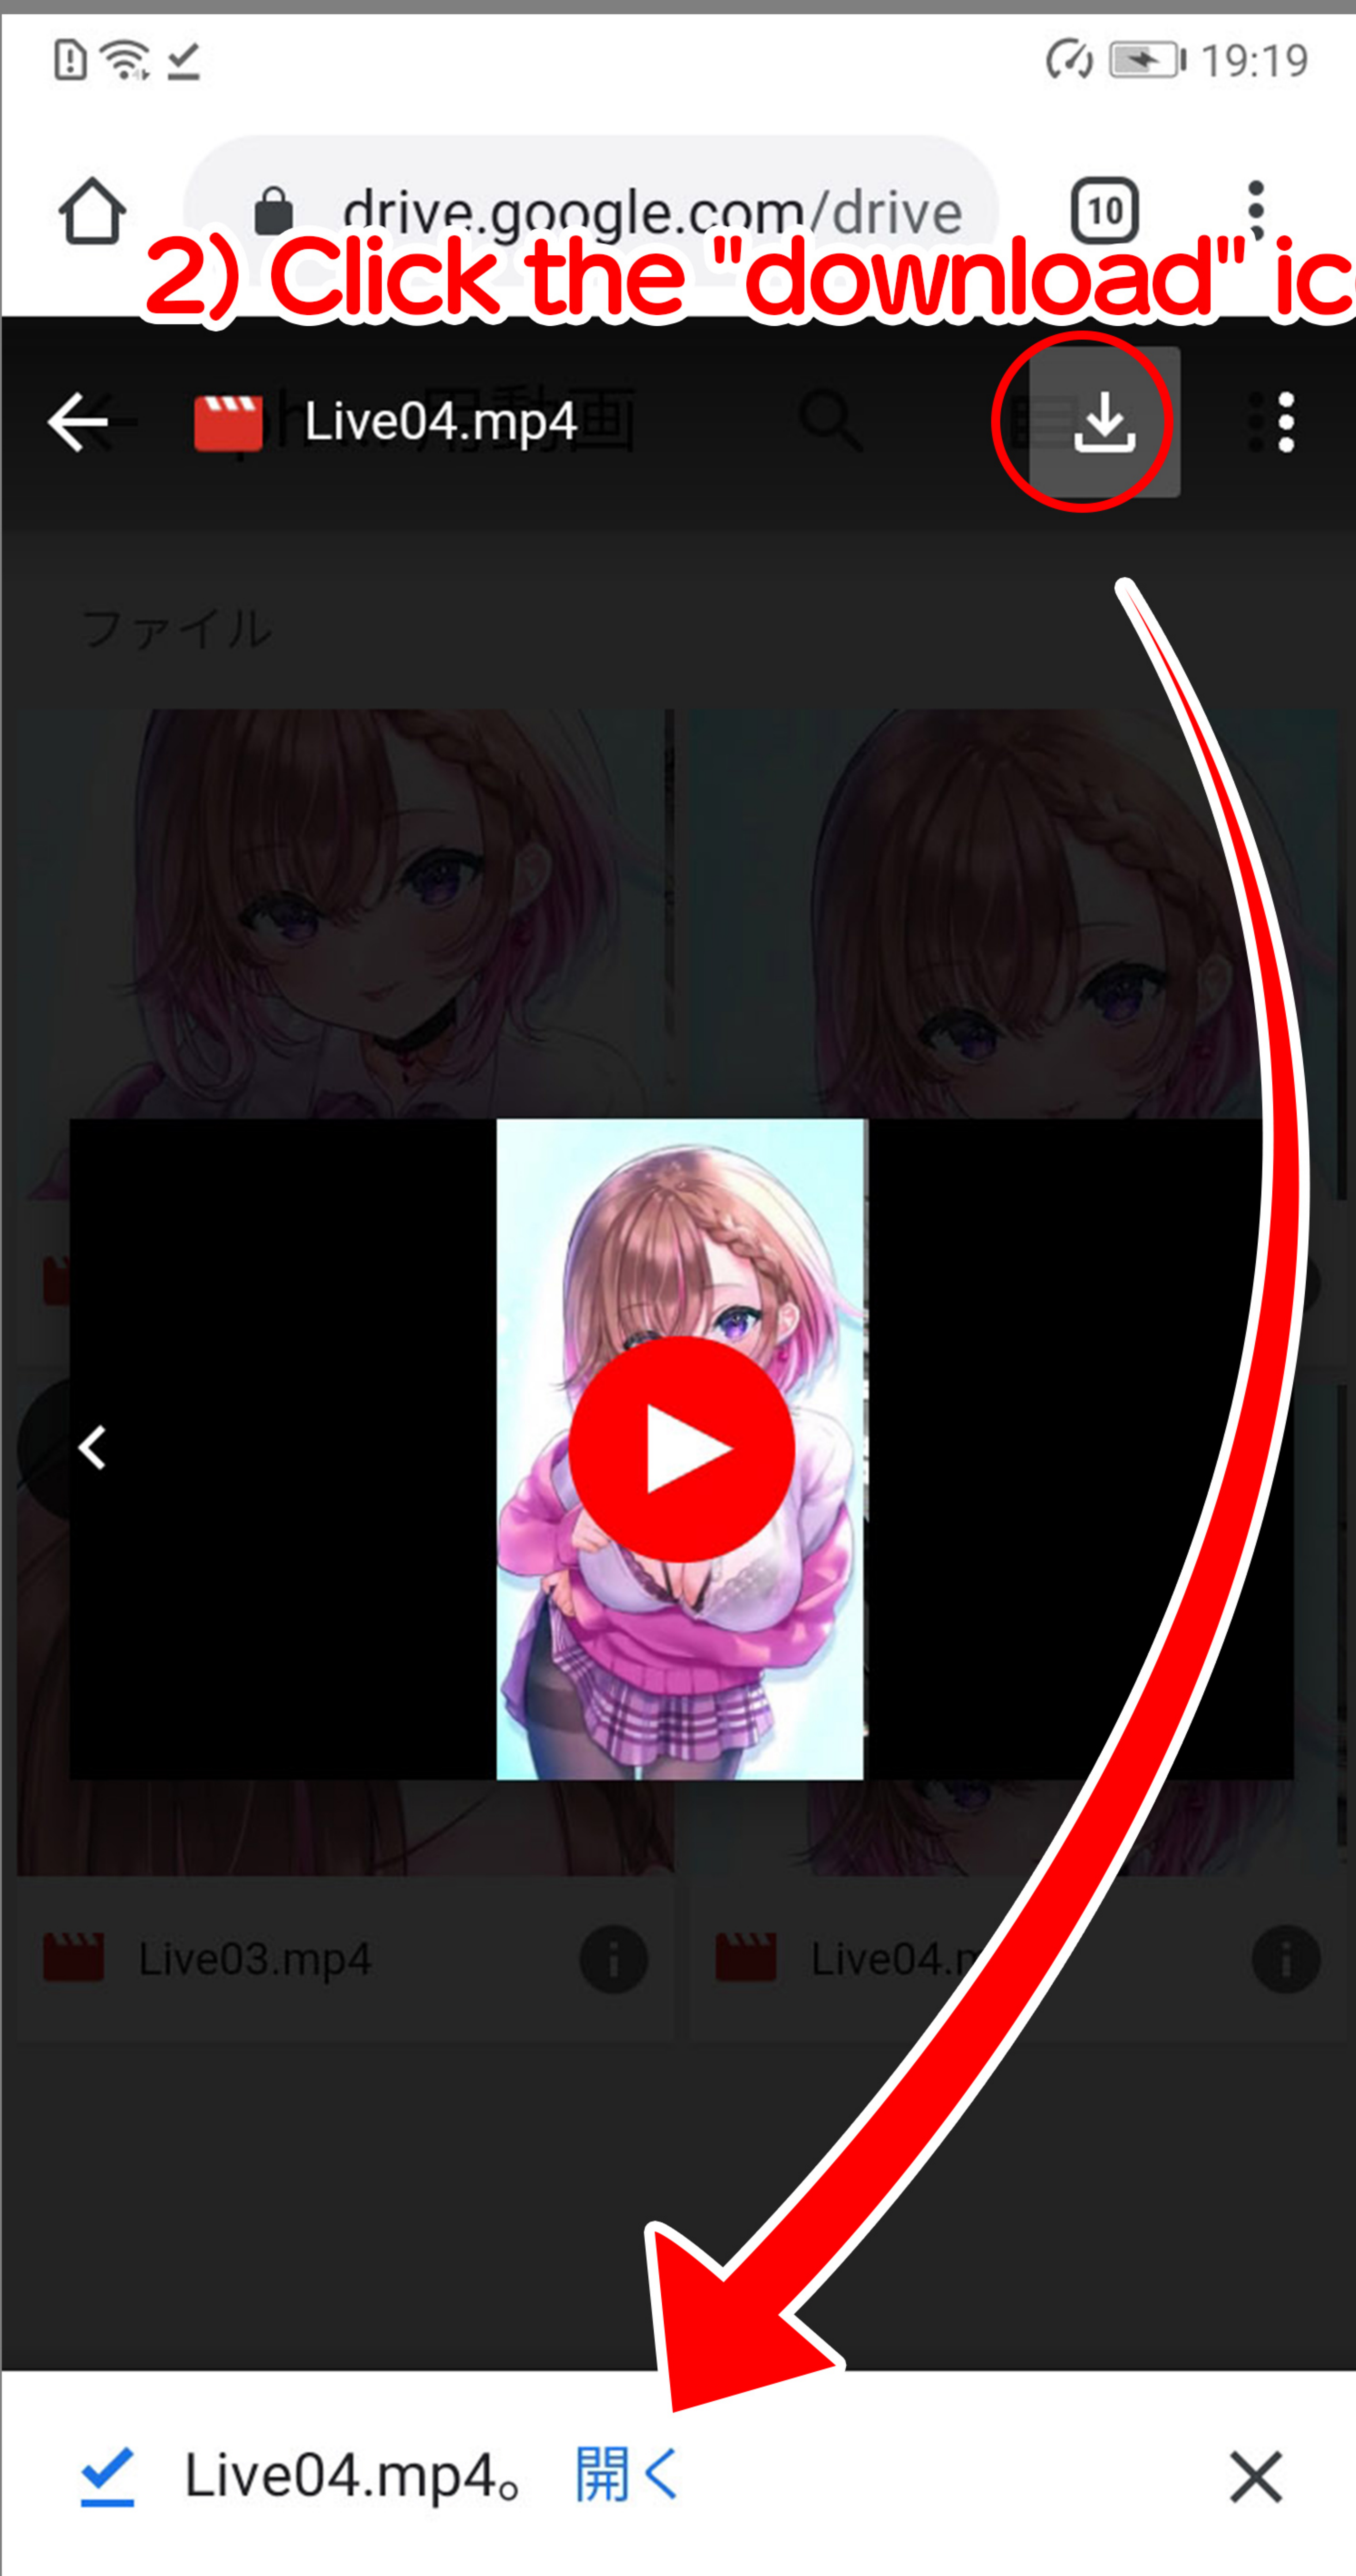

drive.google.com/drive

Using a video wallpaper can drain your battery quickly.

1) Click the photo you'd like to use as a Live Photo.

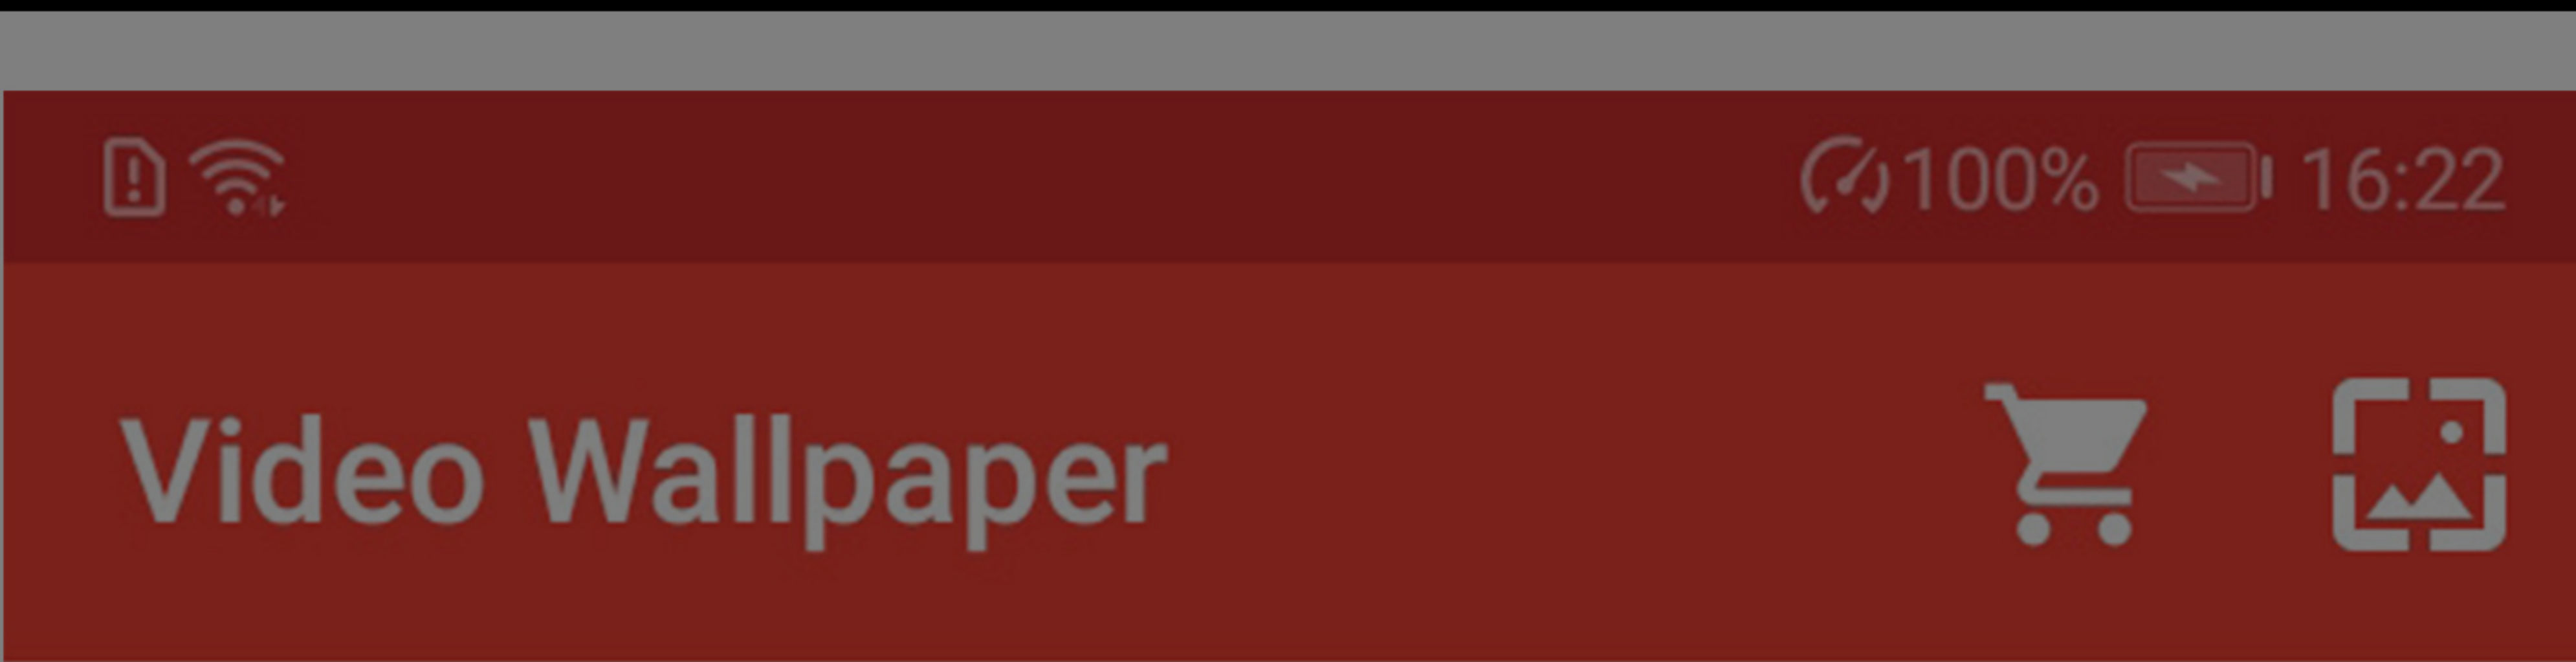

\*This will be into the list of Chrome downloads.

2) Click the "download" icon.

Once the download is completed, the video will show up in your Download folder.
